

Builders for Christ 2012 February School

Every Monday night in February, from 6:30 pm –to 8:30 pm.

Hosted by the Union City Christian Church

Classes and Instructors:

Effective Bible Study - Chip Denief, Union City Christian Church

As Christians, we are to be students of the Word, but we don't always have very good Bible study skills. This class will cover resources, tools and methods for students who desire higher retention and greater understanding of Bible passages.

The Restoration of All Things: Preparing for the New Heavens and the New Earth - Chad Broaddus, Indian Creek Christian Church

In Acts 3:21, the apostle Peter explains that Jesus must “remain in heaven until the time comes for God to restore everything, as he promised long ago through his holy prophets”. Have you ever dreamed of another world? The Genesis account reveals that mankind was originally created to live on an earth void of sin, pain, heartache, stress, and injustice. God intended us to live in a world where He walks alongside us “in the cool of the day,” where suffering is nonexistent, and where life never ends. But as we all know, that world is long gone, a mere echo... a distant dream. Or is it? The Word of God reveals that when Christ returns, God will restore all things and His children will live in “a new heaven and a new earth, the home of righteousness” (2 Peter 3:13). What will this new home be like and how does it impact our daily life in the present? These questions and more will be answered in this class. Tradition and popular opinion have led many to miss what the “life to come” is really all about. In this class, we will study and prepare ourselves for the restoration of all things: the new heavens and the new earth.

Creation vs. Evolution - Mark Pearson, Mt. Carmel Christian Church

Some people believe the universe is billions of years old. These people believe that all living things came from a series of accidents happening gradually over millions of years. Others believe another false teaching that God used evolution to "create" over millions of years. These views do not agree with the Biblical record. We need to "tear down" these false teachings for our church families. We will "build up" the truth that the Bible records the true history of the universe. Families can come and develop a truly biblical worldview about the Bible, history, and science.

Christian Worship - Matt Vaught, Sand Hill Christian Church

True Christian worship is one of the foundations of Christian life both for the individual Christian and for the church body, but it is sad to see that it is so misunderstood and misused in our churches today. Just what is “worship” and how is it to be offered in our lives and in our services? How do we avoid the “vain worship” that Jesus warned against in Mk 7:7. This class will answer these questions and focus on the importance of worship in the Christian life.

Bring the whole family!

We want to encourage you to make this a family event. We will offer a meal from 6:30 – 7:00 and then begin our classes, which will run from 7:00 – 8:30. If you have any questions, please call Matt Vaught at one of the following numbers. home: 859.626.5862 cell: 859.582.2482 office: 606.726.0203

*(If there is any question about cancellations due to weather,
please call the Union City church office at (859)-623-8597)*
